RULES FOR
THE GOVERNMENT OF WATER UTILITIES**

3.3.2. Mobile home parks.

For mobile home parks constructed on or after the effective date of these rules, each mobile home in a mobile home park shall be individually metered with taps installed at the lot line of each mobile home. The lot owner shall be responsible for payment of any applicable tap fees. All utility easements and mains constructed within the mobile home park will become the property of the utility by agreement between the (i) owner of the mobile home park or the lot owner, whichever is applicable, and (ii) the utility. The agreement must be approved by order of the Commission prior to construction of any main. Lines extending from the mobile home to the tap will be considered customer service lines and maintenance of those lines will be the responsibility of the applicable lot owner.
